## SUMMARY

Full Stack Web Developer proficient in HTML, CSS, JavaScript, Node.js, MySQL, Express and jQuery with a passion for technology and creating meaningful web applications while considering impacts to stakeholders. Highly creative and exceptional problem solver/troubleshooter by nature. Take the initiative to research and learn new languages, frameworks and libraries on my own. Also bring to the table unique and diverse ways to reach a well-thought-out and viable solution to diverse problems and the task at hand. Finally, I am extremely detailed-oriented, excellent at multitasking, a strong analytical and logical thinker, and am highly motivated by the challenge.

## SKILLS

- Computer Science applied to JavaScript
- Browser Based Technologies (HTML, CSS, JavaScript, jQuery)
- Databases (MySQL, MongoDB)
- Server Side Development (Node.js, Express, MERN Stack)
- Deployment (Heroku, Git)
- Java
- Quality Assurance (Writing Tests)
- Internet Marketing (SEO, Semantic HTML)
